

Please Note:-

The following plans may have to be altered without prior notice

We plan to have Masses at the usual times this Sunday and St. Patrick's Day

I would however encourage anyone who is elderly, vulnerable or even worried not to come to Mass; this also applies to all Ministers.

Our Masses will be kept short with only a First Reading and no singing to keep the contagion at a minimum.

For those who are going to attend Mass you are asked to keep the required distance of one metre apart from each other, we are also obliged to adhere to the new Government Requirements of limiting gatherings to not more than 100 people.

We regret the inconvenience caused by these arrangements, especially those whose Confirmations have been cancelled but I am sure people understand the reasons why this was necessary.

Weekday Masses will go ahead as usual as the numbers that attend are small.

Please remember to pray for our protection especially for those in the front line of necessary services and the most vulnerable

Any Masses celebrated can be viewed on our webcam at www.stmatthewsballyfermot.com

Fr. Piaras
